Taylor Lombardo Architects

SAN FRANCISCO

Taylor Lombardo Architects is an award-winning architecture and land planning firm with offices in San Francisco and Napa Valley. In addition to a large number of projects in California, the firm has completed projects throughout the United States and in China for an international presence. The firm specializes in custom homes and wineries of all sizes and styles, tailored specifically to the needs of each site owner. Taylor Lombardo Architects has designed over 30 wineries, including Silver Oak Cellars, Nickel and Nickel Winery, and Kelly Fleming Wines. The firm also has extensive experience in hotel, retail, and restaurant design. Partners Tom Taylor and Maurice Lombardo are the primary contacts and remain very hands-on throughout every project. Taylor Lombardo Architects' philosophy maintains that the firm works closely with the owner, ensuring that each project is a creation specific to the individual desires and requirements of the project at hand.

The firm's design approach is one of creating site-sensitive and environmentally responsible structures that are at once timeless, innovative, and enduring.

Careful attention to architectural scale, proportion, detailing, and material selection ensures the design will be true to the style desired. Integrating sustainable materials with state-of-the-art technology allows the firm to create both traditional and modern designs that meet all the challenges of today's green, energy-efficient requirements, without compromises to style, comfort, or beauty.
